## Low Cost Spay/Neuter Program

- *We will not make reminder calls about your appointment, so please be sure you know when it is.* We are charged a certain amount per clinic, so if we are left with your spot to fill, we still have to pay for it. You will not be refunded your surgery fee if your animal misses the appointment.
- **Drop off between 8-8:30am at the SIDE door.**
- All animals will be dropped off at the same time- surgeries are done throughout the day in random order. Your pet may go first, middle, or last at the vet's discretion. We have no control over this- we cannot request that your pet be done at a certain time.
- **Pre-Surgical Instructions for Dogs and Cats-** Please withhold food after midnight the night before surgery. Water can be left out throughout the night but do not allow your pet to gorge themselves on water in the morning before they come in.
- If your animal gets excited or stressed easily, it may be best to leave your pet in the car during the check-in process. **All dogs are required to be on leashes and all cats are required to be in carriers.**
- Make sure you are available at the phone number that you provided- we will call that number if we have any questions. Pick up is between 3:30-4pm. *If you fail to pick up your animal by 4pm, you will be charged \$50 boarding fee.*
- When you pick up your pet, you will be given oral and written instructions for after surgery care.
- You may be charged additional fees if your pet is pregnant, in heat, cryptorchid, or has a hernia.
