## Vaccine Consent and Waiver of Liability

I give permission for my pet to be vaccinated at the Licking County Humane Society's Vaccine Clinic and acknowledge that such vaccinations do not constitute complete health care. It is essential that my pet have an established relationship with a veterinary clinic to ensure that complete health care is maintained.

I also state that my pet has no sign of disease, is not allergic to vaccines and is not pregnant.

I understand that vaccinations may cause unexpected reactions in pets. If my pet experiences an allergic reaction to any vaccine, I understand that emergency treatment will be provided on site and may result in additional charges.

I agree to accept all risks of vaccinations and personally accept both legal and financial responsibility for all charges incurred as a result of such risks.

I accept that it is my responsibility to seek emergency or medical care as needed or directed by the clinic veterinarian.

I agree to indemnify and hold harmless the Licking County Humane Society (LCHS), the attending veterinarian, and any of the officers, employees or agents of said corporate entity from any and all liability arising out of the performance of all procedures referred to above.

I have read, understand, accept and agree to be bound by the above conditions.

***For safety and wait time management, each adult is asked to accompany no more than 2 animals at a time. The only exception is litters of kittens or puppies.***
